

2019 Mens League Events

May 16th – 23rd 123-321

- **Front nine scoring:** 1 score on the par 3's 2 scores on the par 4's and 3 scores on the par 5's
- **Back nine scoring:** 3 scores on the par 3's 2 scores on the par 4's and 1 score on the par 5's

May 30th – June 6th Shamble (2 weeks 3 flights)

A "shamble" is a type of tournament in which a team of golfers selects the one best drive among them after teeing off, then all four play their own golf balls from that position into the hole. You can think of a shamble as a scramble off the tee and then regular ol' stoke play into the hole.

June 13th – 20th Nassau (Handicapped) (2 best scores)

In a Nassau tournament, the player (or team) winning the front nine wins a prize, the player (or team) winning the back nine gets a prize, and the player (or team) winning the overall 18-hole round wins a prize.

June 27th Choose 'em and lose 'em Four-man scramble

This event is played according to the rules of the "Four Person Scramble" with one exception.

The person whose ball was selected as the best position shot, does not hit the next shot. Only three players hit from that spot. The person who did not hit the previous shot will be allowed to hit the next shot and, once again, the person whose shot was selected does not hit this time. Hence, the Choose 'em and Lose 'em golf format.

The only time four members of the team will be hitting from the same location is on the teeing ground and on the green surface.

July 11th – 18th Four-man scramble (2 weeks three flights)

All four team members tee off. Go to the best shot and all four hit from there. Continue this way until you hole out. You MUST use two tee shots from each team member.

July 25th Four-man Cha Cha Cha (One week handicapped (net))

In the 4-Man Cha Cha Cha golf tournament format, each member of the team plays his or her ball throughout. But a 3-hole rotation exists for determining how many scores are used to create the team score.

On the first hole (cha), the one low ball counts as the team score. On the second hole (cha cha), the two low balls combined count as the team score. On the third hole (cha cha cha), the three low balls combined count as the team score.

The rotation starts over on the fourth hole.

August 1st 20 Balls (Handicapped)

You must use 20 scores throughout the nine holes. You can decide how many scores to use on each hole, but you CANNOT go back and change any previous scores (without cheating and our league is based on honesty). There is obviously strategy involved here. Please circle the scores on each hole that you wish to use. If more or less than 20 circles, your team will be disqualified.

August 8th – 15th Four-man Team Quota (2 weeks)

Each team will be assigned a Quota. The team with the most points over their quota is the winner. The quota that your team is assigned is the difference of the teams combined handicap, subtracted from 144. Here's an example:

The 4-man team combined handicap totals 32 for 9 holes and we'll double it for 18 holes: 64

$144 - 64 = 80$ Team Quota

1 point for each net bogey on a hole

2 points for each net par on a hole

3 points for each net birdie on a hole

4 points for each net eagle on a hole

The team with the most points over their Quota is the winner.

August 22nd Big cup tournament (2 best scores per hole) (NOT a scramble)

We will have big cups cut in the greens. 2-man best ball format
