

2022 Men's League Events

May 19th – 26th – 123-321

- **Front nine scoring:** 1 score on the par 3's 2 scores on the par 4's and 3 scores on the par 5's
- **Back nine scoring:** 3 scores on the par 3's 2 scores on the par 4's and 1 score on the par 5's

June 2nd – 9th – Shamble (2 weeks 3 flights)

A "shamble" is a type of tournament in which a team of golfers selects the one best drive among them after teeing off, then all four play their own golf balls from that position into the hole. You can think of a shamble as a scramble off the tee and then regular ole stoke play into the hole.

June 16th – Four-man Cha Cha Cha (One week handicapped)

In the 4-Man Cha Cha Cha golf tournament format, each member of the team plays his or her ball throughout. But a 3-hole rotation exists for determining how many scores are used to create the team score.

On the first hole (cha), the one low ball counts as the team score. On the second hole (cha cha), the two low balls combined count as the team score. On the third hole (cha cha cha), the three low balls combined count as the team score.

The rotation starts over on the fourth hole.

June 23rd – Choose 'em and lose 'em Four-man Scramble (Mid-year event)

This event is played according to the rules of the "Four Person Scramble" with one exception.

The person whose ball was selected as the best position shot, does not hit the next shot. Only three players hit from that spot. The person who did not hit the previous shot will be allowed to hit the next shot and, once again, the person whose shot was selected does not hit this time. Hence, the Choose 'em and Lose 'em golf format.

The only time four members of the team will be hitting from the same location is on the teeing ground and on the green surface.

July 7th – 14th – Four-man scramble (2 weeks 3 flights)

All four team members tee off. Go to the best shot and all four hit from there. Continue this way until you hole out. You MUST use two tee shots from each team member.

July 21st – Low Gross/Low Net

For each team score we will use 1 low gross score and 1 low net score. The scores cannot be from the same player. The 2 scores combined will be the team score for the hole, the scores for all 9 holes totaled to get the event score.

July 28th – Aug 4th – Four-man Team Quota

Each team will be assigned a Quota. The team with the most points over their quota is the winner. The quota that your team is assigned is the difference of the teams combined handicap, subtracted from 144. Here is an example:

The 4-man team combined handicap totals 32 for 9 holes and we'll double it for 18 holes: 64

$144 - 64 = 80$ Team Quota

1 point for each net bogey on a hole

2 points for each net par on a hole

3 points for each net birdie on a hole

4 points for each net eagle on a hole

The team with the most points over their Quota is the winner.

Aug 11th – 18th – Chapman (2 weeks 3 flights)

Each team will have 2 scores per hole and teammates will be partnered up, A/D, B/C for example. On each 2-person team, both players will hit their drive then each player plays the other ball for the 2nd shot. Then the best of the 2nd shots is selected and from there the 2 players play alternate shot into the hole starting with whoever did not hit the chosen 2nd shot.

August 25th 4:30 Shotgun start Event TBD

We will have directions that night
